

Summerland Dale Meadows Park Accessible Playground Project

The Dale Meadows Park and Playing Field Complex started in 1992 and has now grown to a 24.5 acre multi-dimensional park area. Centrally located in Summerland off of Dale Meadows Road the facility is one of Summerland's most used areas. The park has complete public access and is the largest playing field complex in the South Okanagan. This includes 5 softball fields, 3 soccer fields, basketball courts, a 1200 metre jogging track, concession, washrooms, trees, landscaped areas and parking. The park has incredible public usage and is home for girl's softball, youth soccer, adult soccer and slo-pitch. With the tremendous use at the complex especially by families, the last piece of the puzzle is the addition of a playground area.

The new playground would be 75 per cent handicapped accessible and be purchased from a national playground company that meets all safety standards and includes a 100 year warranty. The playground project would be a three way partnership between the South Okanagan Children's Charity, The Summerland Kinsmen Club and the District of Summerland.

The District of Summerland Parks Department would do all site preparation including the providing of the sand for fall protection. The playground equipment would be installed by the Parks Department working with the volunteers of the Summerland Kinsmen Club and all fencing and safety netting would be installed by a local fencing company.

The ideal time for the project to proceed would be with approval in 2011 and actual construction in the spring of 2012.

Dale Meadows Park

PROPOSED PLAYGROUND

DESIGNED CONCEPT #50406-1-1
LANDSCAPE STRUCTURES INC. PLAYBOOSTER

Proposal Date: March 24, 2011

PLAYGROUND ELEMENTS INCLUDE:

- DOUBLE SWOOSH SLIDE
- CASCADE CLIMBER
- DECK LINK WITH BARRIERS X 2
- VERTICAL ASCENT
- ACCESS/LANDING ASSEMBLY BARRIER
- SINGLE BEAM LOOP HORIZONTAL LADDER
- RAMP WITH GUARDRAILS WITH CURBS
- ACCESSIBLE CURB X 2
- HANDHOLD PANEL SET X 2
- IMAGE REACH PANEL
- NAVIGATOR REACH PANEL
- HEXAGON TENDERDECK
- TRIANGULAR TENDERDECKS

PRODUCT FEATURES:

- 5" round aluminum posts – 100 year warranty
with factory installed post caps that eliminate rusting
- 360 degree compression clamping system – 100 year warranty
on-site adjustable with maximum holding power allowing overhead height adjustment
- Tenderdecks
4' square 12 gauge steel, allowing for more users at one time
- Tendertuff Coating
warm to little hands in cold weather and anti-slip
- Polyethylene Slide
double wall thickness, molded-in inserts with slide hoods and handbars
- Adjustable Slide footer
accounts for the natural shifting that occurs in hot and cold weather, prevents string entanglements
- Stainless Steel Hardware & Fasteners – 100 year warranty
vandal-resistant, can't be removed with standard tools
